---

WSP Canada Inc. (WSP) was retained by the County of Prescott and Russell to peer review the following reports prepared by Golder Associates for the proposed Colacem Canada Inc. production facility at L'Original, Ontario.

We have conducted a review of the following documents

- ❖ Emission Summary and Dispersion Modelling Report, Version 1.0, May, 2016 (“ESDM Report”).
- ❖ Acoustic Assessment Report, January, 2016 (“AAR Report”).

Initial comments were provided in a letter by WSP to County of Prescott-Russell, dated 31<sup>st</sup> August, 2016 under Project No.161-10225-00. In response to WSP’s comments, the following documentation was provided and reviewed.

- ❖ Technical Memorandum to Mr. Louis Prevost, “Information Response to WSP Canada Inc.” from Rachel Lee Gould, dated 24<sup>th</sup> October, 2016.

Comments regarding our review of the above document are provided in this letter.

### WSP Comments

After reviewing the Golder Associates responses to the initial WSP comments, WSP is satisfied and does not have any more comments on the technical aspects of the above mentioned reports.

### Closure

Following a review of Emissions Summary Dispersion Modelling and Acoustic Assessments Reports and the follow-up reports, they were found to be appropriate as per the Ministry of Environment and Climate

Change publications: *Guidelines A-10: Procedure for preparing Emission Summary and Dispersion Modeling Report* and *Environmental Noise Guidelines; NPC 233 & NPC 300*, respectively.

We trust that this information will be helpful in your review of the application. Should you have any questions or concerns, please, do not hesitate to contact Samuel Pendyala at 905-750-3080 or [samuel.pendyala@wspgroup.com](mailto:samuel.pendyala@wspgroup.com).

Yours truly,
